BAGS**

**WAX LUNCH WRAPS**

**COOKING**

**DISCOVERY**

**FREE RANGING CHOOKS**

**WALK THE EFS TRAIL**

*"From the minute I walked down the pathway into the school and across the courtyard to the assembly hall in response to the karanga I knew I was in a Green-Gold School. It was obvious from that moment that this was going to be a special Sharing and Decision-Making Day where together we considered if St Johns Hill School, Te Kura o Hato Hoani, had sustained and continued their Green-Gold journey."*

*Sandy Bell-Jameson*

*Review facilitator*

On Friday 15 June the whole school will be marking our achievement of being judged a Green Gold EnviroSchool once again. Guests from Whanganui District Council and Regional District Council and others are to be welcomed with a powhiri followed by an assembly to share the joy. Earth Kid leaders will speak, songs will be sung and the premier viewing of News and Views No 10 entitled, "YES! We are still Green Gold."

Guests will take a short tour of the EfS trail before morning tea at 10:30 with the rest of the staff. Our celebration coincides with the Whanganui Resource Recovery Centre's 'Litter Free Lunch Day.' Therefore we are strongly encouraging all children and staff to adhere to a rubbish free lunch box; our goal is for 100% uptake. Parents are invited to pop in for lunch with their children to join in the Womble Lunch. Spot prizes will be given during the lunch time period.

Throughout the day our tamariki will be engaged in a wide range of environmental learning and projects.

Nga mihi nui

Kevin Booth

**Children are invited to come to school dressed in Green and Gold**
